

PREDICTS ANOTHER EPIDEMIC OF FLU

State Health Officer, Dr. McCormack, Gives Some Timely Advice On Subject

Reasoning by analogy, there will be another outbreak of influenza in Kentucky this fall, according to Dr. Arthur T. McCormack, State health officer, who addressed the Red Cross Institute at the University of Kentucky this week.

"Statistics show," he said "there has always been an outbreak the first and second years after the epidemic, not as extensive as the epidemic itself, extensive enough to cause a radical increase over the ordinary death rate."

According to Dr. McCormack, 4,000 die from pneumonia in the state every year while last year 15,000 died this cause. "Reasoning from our own and previous epidemics," he said, "if no precautions are taken the death rate this year will be between 9,000 and 10,000."

"That death rate is wholly unnecessary," continued Dr. McCormack. "The death rate should be nothing like 4,000 and year if every individual in every county of Kentucky would assist by doing the simple things necessary. If they would do this now the death rate in 1919 would be less than in 1917, when there was no epidemic."

In the first place, Dr. McCormack advised everybody to be inoculated against influenza-pneumonia during the last two weeks of August or the first two weeks of September. The vaccine used is very simple and produces practically no reaction. Of more than 300,000 inoculated last year only three died of pneumonia, according to the State health officer.

Dr. McCormack also advised, in addition to the inoculation, that when one takes a cold he should take the proper medicine and go to bed, remaining there until he is well. His room should be well-ventilated and he should avoid coming in contact with any members of his own family. Especially should one having a cold keep away from theatres, churches and other places where crowds are gathered.

"If every one would do this," Dr. McCormack asserted, "there would be no epidemic and practically no deaths from influenza and pneumonia."

Every year in Kentucky there are 14,000 deaths from preventable diseases, he said, but conditions are gradually improving. Since 1910 for instance, the death rate from diphtheria has been reduced one-tenth because antitoxin has been given in time and because the disease is now recognized more quickly. The typhoid fever death rate has also been reduced 50 per cent in that time.

"But what we ought to do," said Dr. McCormack, "is not only to reduce the death rate, but to eliminate the diseases themselves in these classes. This could be done at much less cost than the people of Kentucky have now."

"It is true a few more doctors would be necessary, but in the long run much money would be saved. An individual cannot purchase health, but a community can by establishing proper conditions."

Dr. McCormack recommends a health department in every county of the State as rapidly as it is possible to provide trained officers.

"It would be easy to elect one to this office as we do a sheriff and let him learn during his incumbency how to administer, but about the time he learns someone else wins out and gets the job."

WOMEN FROM NORTH, SOUTH, EAST, WEST

Recommend Lydia E. Pinkham's Vegetable Compound as a Reliable Remedy for Women's Ills.

Spokane, Wash.—"I want to recommend Lydia E. Pinkham's Vegetable Compound for women's ailments as it helped me so much during middle age."—Mrs. MARTHA CONNOR, 127 Mansfield Avenue.

Ablene, Texas.—"For almost a year I was unfit to do my work as I suffered so from female ills. Lydia E. Pinkham's Vegetable Compound restored my health after physicians had failed."—Mrs. E. E. OWENS.

Rockville, Conn.—"I suffered so long from female ills I was blue and melancholy. Lydia E. Pinkham's Vegetable Compound restored my health after everything else had failed."—MARY WRIZ, 3 Chamberlain St.

Oakland, Cal.—"Lydia E. Pinkham's Vegetable Compound gave me such relief during Change of Life. I wish every woman could know about it. I surely praise this great remedy for women's ills."—Mrs. MARY S. ASHLEY, 5709 Dover Street.

The reason Lydia E. Pinkham's Vegetable Compound is so successful is because it contains the curative, strengthening properties of good old fashioned roots and herbs, which act directly on the female organism.

AN ANSWER TO H. C. RICE

Judge Rice says he did not say I was running a spite race. The authority I had for such a statement is what different people have told me.

Judge Rice says the general assembly of which he was a member, did not create any offices. Judge, what Assembly created the Supervisor of Fire Insurance Rates, at a salary of \$3,600 per year, and in whose office there are employed four or five others the total of whose salaries amount to about \$12,000? Judge, did you not vote for the dog tax law and did not that law turn over to the Commissioner of Agriculture thousands of dollars for the purpose of enforcing it, and aren't there now three new officers in the state's employ as a result of that law, costing the state something from \$7,500 to \$10,000 per year?

Yes, the 1917 special session passed the tax law which created our State Tax Commission. You were not a member then but, Judge, did you not unqualifiedly endorse that law when you voted to give that Commission \$35,000 for salaries and expenses? The way in which taxpayers have been touched for half million fully set out in Colyer's letter which appeared in the same issue as yours.

In regard to my work as Farm Demonstration Agent, I make you this proposition. You or the party who put those words in your mouth put up from \$100 to \$500 and I will put up the same and if I don't get the endorsement of from 50 to 200 strong farmers of my work and if I can't show them that I save the farmers from two to five times what the county paid me, then I will give my "put up" to the P. A. C. Infirmary. If I make good on this proposition then you give your money to the P. A. C.

I worked as farm agent only ten months. I was then promoted and took charge of the work in one-half of the state. I resigned from this position with all forces begging me not to quit. I can go to work within ten days in my same position at the same salary.

Judge, the reason I say some one put these words in your mouth, is because I know you endorse farm demonstration work. You helped the University of Kentucky pass a bill in the last session of the General Assembly which bill gave to said University thousands of dollars for farm demonstration and experimental work. Judge, I was told by the college people that you were going to introduce and champion that bill. Did you or not?

Judge, I am sorry you misread and misconstrued my letter. I had no reference to you when I said machine politicians and chronic office seekers. Some of your letter is so personal I will not impose upon the public by answering it.

I say now, with the explanations herein, I stand by statements in my circular letter. Very Respectfully, T. H. COLLINS.

BECKHAM STRONG FOR HARDIN TO WIN

That the election of Judge Hardin to Congress Saturday will be taken as a significant trend in national politics, is indicated in a strong letter which Senator J. C. W. Beckham has written Judge Hardin, expressing hope for his election. The democrat of the 8th district are united solidly behind Judge Hardin, and every man should go to the polls on Saturday and insure his victory. Senator Beckham's letter will be read with deep interest by his host of friends in the 8th district. He wrote Judge Hardin as follows:

Washington, D. C., July 24. Judge Chas. A. Hardin, Harrodsburg, Ky.

My Dear Judge:

I feel that it is needless to assure you that I am deeply interested in your success as the democratic nominee for the 8th Congressional district, at the special election to be held on August 2.

You deserve the support of every democrat in your district, and I hope and believe that they will not fail to give you a large and substantial majority on that day. We need all the democratic members we can secure in the present congress to aid in upholding the policies of the President and the democratic administration.

I feel confident that the people of this country will realize that a mistake was made in the election last November when the two Houses of Congress were turned over to the republicans, and that in due time they will repair that mistake by restoring the control to the democratic party. There have been too many evidences already at the present session that the republican leaders who control the two houses are inspired too much by partisanship, and not enough by an interest in the welfare of the country.

There should be no doubt about your election, as every democratic voter in your district should be at the polls on August 2nd, and cast his vote for you. I very earnestly hope to see you elected.

With kindest regards, I am Very sincerely yours, J. C. W. BECKHAM.

Mrs. Cockrill Appeals To All Run Down People To Try Trutona.

Louisville, Ky., July 29—A hearty appetite, renewed vigor and strength, steady strong nerves, and increased weight—these are but a few of the remarkable benefits Mrs. J. M. Cockrill, 2011 Lytle street, this city, has gained from use of Trutona.

"After being bedfast for three weeks with the flu, I was left in a terribly run down condition. My liver wasn't acting properly. I was subject to severe spells of dizziness, which almost blinded me at the time. My tongue was thickly coated; denoting a weak stomach. I simply couldn't stand any excitement."

"I was losing weight when I began taking Trutona, and it's hard to believe that I've actually gained it all back now. My appetite increased so rapidly that I thought for a while I would surely have to discontinue using the medicine. My nerves are strong and steady now. My liver is in better shape, too. In short, I feel like a different woman. Trutona has given me new life and strength."

Trutona is now being introduced and explained in Richmond by H. L. Perry & Son. 1t

New Pipe Organ At Irvine

The Methodist church at Irvine has just had installed a handsome pipe organ. The instrument is the gift of Mr. Robt. Friend as a memorial to his mother and it was formally opened last Sunday by Mr. Pilcher, of Louisville, who gave a brilliant and most impressive sacred programme. Mr. Harry Cockrell, of Irvine gave the regular organist of the church and will take charge of the new instrument.

He can, he says, handle the situation. He wishes the field left to him and the Republican opponent. His self-reliance reveals the man. No doubt it proceeds from excellent judgement as to the situation. Nevertheless no Democrat should, in a spirit of confidence as to the result, leave undone anything that might contribute to making the Democratic victory in the Eighth District all that in the circumstances it should be.

1918 Cotton Crop Worth \$2,067,000,000

The 1918 cotton crop, lint and seed was worth \$2,067,000,000 to the producers. This is about three times the value of the cotton crop of 1914 and is twice the value of the crop of 1913, which had the highest value of record. The computation has just been made, at the close of the cotton year, by the United States Department of Agriculture, Bureau of Crop Estimates, based on average monthly prices received by growers and on monthly marketings.

CHENAULT HANDS IT TO SWOPE HARD

July 31, 1919. Mr. King Swope, Danville, Ky.

Dear Sir:—

Your statement that I plead every exemption to avoid military service is absolutely untrue. You made that statement either deliberately and maliciously, knowing it to be untrue, or without any effort on your part to verify the correctness of your statement. You were in Richmond all day on Monday, the day on which you published that false statement, and during all that time you were within a stones throw of every member of the Local Board for Madison county. A sense of fairness and common decency should have prompted you to inquire of that board and verify your vindictive charges against me before publishing same as fact, as that Board alone knows the facts relative to my induction into the army.

If you had made inquiry of that Board, as you should have done, you would have found that I was only not sent into the service by the District Board, but that on the contrary the ruling of the District Board in advancing 2nd and 3rd class men to the 1st class reversed in my case (thru no complaint or effort on my part), that I declined to accept that ruling and requested Local Board to advance my name on the list that I might go at the first opportunity. That request was complied with, I did go, and I went into a fighting branch of the service. These facts you can verify by inquiry of the Local Board here. There are many of the boys here now who were in the service in the same organization with me of whom you should make inquiry before you make some reckless statement as to what kind of a soldier I made. I will admit the fact, before you can sneeringly refer to it, that it did occasionally fall my lot to put aside my rifle and take up the shovel, but it was all in the game and I am in no wise ashamed of the fact.

Frankly I am at a loss to understand why you have seen fit to put my army service in issue. I am not your opponent or a candidate for anything, and I fail to see why my record should be of interest to the voters in the race between Judge Hardin and yourself. On the other hand you are asking for votes on the ground that you were in the army—don't think it but fair that the voters should be apprised of what your service consisted, and where it was performed?

I did not state in my letter that I knew that you were in the Quartermasters Department. I didn't know then and I don't know now what branch of the service you were in. I have your statement that you were in the infantry, but you failed to state the name or number of your organization, or the camp in which you were located. Against that statement I have a letter from a near relative of yours and who resides near you, who states positively that you were in the Quartermasters Department. The relatives mentioned is a lady, whose high standing and character have been abundantly confirmed. I do not publish her name because she is a relative of yours, but I will show you her letters, or show them to any friend of yours who will come to my office to see them.

You are now loudly proclaiming yourself to be the friend of the soldiers. Let us see if that is true. On Monday, while you were here in Richmond in Major Stone W. Norman's office, you saw him filling out a bonus claim for a soldier. You asked him what he charged for that service, an when he told you that he made no charge, you stated "Why man, you're crazy to do that for nothing. I made over eight or nine hundred dollars for filling those out for soldiers—charge them \$5 apiece. I didn't have to do a thing myself, just hired a stenographer and she did all the work." Is that the way you intend to champion the soldiers' cause? Major Norman is here in Richmond, his home, and instead of

BAPTIST PLAN FOR BIG DRIVE

Ellis and Evans To Head Organizations In This Section In \$75,000,000 Campaign

Rev. C. S. Ellis, of Paint Lick, has been named as chairman of the Southern Baptists' \$75,000,000 Drive, for the Tate's Creek Association, while Mayor L. P. Evans will head up the campaign that will be made by the First Baptist church at Richmond to have a part in this big movement which is scheduled for next November 30—December 7.

At the Southern Baptist Convention in Atlanta, Georgia, in May, with more than 5,000 Baptists assembled, it was unanimously decided to raise 75 million dollars, for missions, in home and foreign lands; furthermore than 130 educational institutions; for their many orphanages and hospitals; for their aged ministers; and for the National Memorial Church, dedicated to Roger Williams and Religious Liberty, to be built in Washington. A Campaign Commission was appointed, with Dr. George W. Truett, pastor First Baptist Church, Dallas, Texas, as Chairman, and one member from each of the Southern States. At a meeting in Atlanta, Georgia, early in June, the Commission met and made out plans for raising the 75 million dollars. Dr. L. R. Scarborough, president of the Southwestern Baptist Theological Seminary, Ft. Worth, Texas, was elected General Director, and his headquarters established at Nashville, Tennessee.

At a meeting composed of nearly 200 representatives from every phase of the denomination's life and work, in Nashville, Tennessee, July 2nd and 3rd, a complete program and organization for the campaign were effected. Each of the Southern States will be organized, with the State Secretary of Missions as the General Director for that state. He will be aided by a General Organizer and a Publicity Man, and an Advisory Campaign Committee, made up of the three persons above named, the Campaign Commissioner from that state, the editor of the Baptist paper, the Secretary and Vice-President of the Women's Work, and the Chairman of the Laymen's organization. It will be the duty of these State Organizers to organize the sub-divisions in each state, called Associations or Districts. Each of these Associations or Districts will have an Organizer and a Publicity Director, and these will organize the churches, with a general Director, preferably the pastor; and an Organizer, some select layman; an Organizer representing the Women's Work. All these organizations are to be aided by volunteer workers, from among men and women.

Weekly Health Talks What Doctor Pierce Has Done For Humanity!

BY DOCTOR CRIPPS.

It has always seemed to me that Dr. Pierce, of Buffalo, N. Y., should be placed near the top when a list of America's great benefactors is written. He studied and conquered human diseases to a degree that few realize. Whenever he found a remedy that overcame disease, he at once announced it in the newspapers and told where it could be bought at a small price. He did not follow the usual custom of keeping the ingredients secret, so that the rich only could afford to buy the medicine, but openly printed the name of each root and herb he used. And so to-day the names of Dr. Pierce and his medicines are widely known, and they stand for better health and better citizenship.

One of this great physician's most successful remedies is known as Doctor Pierce's Pleasant Pellets. These are little, sugar-coated pills, composed of Mayapple, leaves of alo, root of jalap—things that Nature grows in the ground. These Pellets are safe because they move the bowels gently, leaving no bad after-effects, as so many pills do. Very often they make a person who takes them feel like a new man or woman, for they cleanse the intestines of hard, decayed and poisonous matter that accumulates when one is constipated. If you are constipated, by all means go to your druggist and get some of Dr. Pierce's Pleasant Pellets. They may prove to be the very thing your system requires to make you well and happy.

SWOPE MAKING BRILLIANT RACE

Young Army Captain Stirs 8th District

Capt. King Swope, of Danville, is making one of the most spirited campaigns ever conducted in this state in his race for Congress in the Eighth District. Captain Swope is a young lawyer, well-known throughout the state for him, is the confident assertion of and is also a veteran of the world war. The campaign which he is conducting against his Democratic opponent, Judge Charles A. Hardin, is creating a highly favorable impression among politicians in all parts of the state.

There is every reason why Captain Swope should win with a handsome majority, altho the Eighth District is normally Democratic. All reports indicate that the young veteran is making a deep impression thruout the entire district because of his youthful energy, the marked ability with which he is endowed, and in the progressive policies he is advocating.

Hundreds of Democrats will vote for him, in the confident assertion of his friends, because with a Republican Congress in power he would be in position to do something for his district. He is making an especially strong appeal to the soldier vote along this line; and while he is not seeking office because he was a soldier, yet he appreciates the needs of the soldiers, it is asserted, and is in favor of granting them three months' extra pay when discharged. He pledges himself to vote and protect their interests.

Judge Hardin has held public office for twenty-two years, it is claimed, and the people of his district are believed to be in favor of electing a younger man, who has all the qualifications of brilliant achievement to represent them in the next Congress. Adv.1t

Mrs. Frank Tussey had a large crowd at their home Sunday. They were, Mrs. Nat Prewitt and family, Mrs. Sarah Belle Turner and family, Jessie and Maude Sowers, Ula Belle Daily and Minnie Tussey, Mrs. John

William Curtis, Bro. Dillard Sebastian and Bro. Edward Lawson.

Miss Thelma Robinson has been spending a few days with Mrs. Ben Campbell while protracted meeting has been going on.

Mr. Charlie Campbell has purchased a new buggy and has become very popular among the girls.

PANOLA

A nice rain would be very much appreciated as it is badly needed here.

There has been quite a lot of tobacco topped here the past week as tobacco and corn crops are reported better than usual at this time of the year.

Mr. Irve Kidwell, another overseas boy, came home Sunday. We are by him like all other overseas boys was glad to have him come home but sorry to know his stay will be so short as he has volunteered for another year and will start back August 1.

Mr. Bud Kidwell and family were in Dreyfus Tuesday to attend the burial of his brother-in-law, Mr. Will Laver.

Mr. and Mrs. Shelby Powell entertained a number of their friends at dinner Sunday. Those present were Mr. and Mrs. E. B. Walton, Mr. and Mrs. Will Ogg, Mr. and Mrs. John Walton and little daughter, Anna May, Mr. F. M. Watson, Miss Myrtle Walton and Miss Sue Ogg.

Mr. Malsom Pearson spent from Thursday until Friday with friends here.

Mr. Tellow Flinn, and Mr. Chester Powell, of Irvine, were the guests of Mr. and Mrs. John Powell Friday night.

Lazy Life During Hot Months Causes Lazy Liver

AT no other time is the girl so constant a companion of her mother as when she is emerging into womanhood. There are so many questions to ask; so much she needs to know.

And school is over. Hers is now a lazy, inactive, carefree life. No wonder she is not always as lively and as well as she should be at her age. Let the mother inquire if the bowels are functioning properly, for there lies the basis of good and poor health.

It will usually be found that a laxative is needed, and none will give safer and quicker relief than Dr. Caldwell's Syrup Pepsin which is just

a combination of simple laxative herbs with pepsin. Taken tonight, it acts freely and pleasantly in the morning. The head is again clear, the body light. There is renewed interest in life.

A dose of Syrup Pepsin now and then is almost a necessity for everyone in hot weather. A bottle can be bought at any drug store for 50c and \$1, the latter being the family size, or a free trial bottle can be had by sending your address to Dr. W. B. Caldwell, 480 Washington St., Monticello, Ill.

"FAKE" ASPIRIN WAS TALCUM

Therefore Insist Upon Genuine "Bayer Tablets of Aspirin"

Millions of fraudulent Aspirin Tablets were sold by a Brooklyn manufacturer which later proved to be composed mainly of Talcum Powder. "Bayer Tablets of Aspirin" the true, genuine, American made and American owned Tablets are marked with them in the original Bayer package which contains proper directions and dosage.

Ask for and then insist upon "Bayer Tablets of Aspirin" and always buy the safety "Bayer Cross."

Aspirin is the trade mark of Bayer Manufacture of Monoaceticacidester of Salicylicacid.

PUBLIC - SALE

Your Opportunity Is Here

25 Monster Big Type Poland China Pigs

In order to make room for our Fall pigs, we will sell at public auction at the East End Stock Yards in Richmond, Kentucky, on

Monday, August 4th

(County Court Day) at 2 o'clock p. m., 25 Monster Big Type Poland China pigs—25—16 boars and 9 gilts.

This offering represents the cream of Big Type and is the pick of our entire spring crop of pigs. They are out of those big 800 and 900 pound sows and sired by that Blue Grass Giant, a young boar that bids fair to go to the top.

In laying our foundation herd, I spared neither time nor money in getting the best so you may go to the east or west and you won't find any better bred pigs than these. Land is high—so are hogs and feed. It costs no more to raise a 400-pound thoroughbred than a 250-pound scrub. So why go on raising scrubs when you can buy at this sale a nice young herd of thoroughbreds at your own price. Of course we are losing money by selling these pigs so young but we must have room and your profit is our loss. Whether you buy or not, come and see our herd Sales day

Pedigrees will be furnished on day of sale. Crates furnished for pigs to be shipped only.
